ROYAL PERF®

FILETTI PER FORARE CORDONARE FUSTELLARE IN OFFSET SIMULTANEI ALLA STAMPA
RULES FOR PERFORATING, CREASING AND PUNCHING IN OFFSET SIMULTANEOUSLY TO PRINTING
PERFILES PARA PERFORAR, HENDER Y TROQUELAR EN OFFSET SIMULTANEAMENTE A LA IMPRESIÓN

ALTA QUALITÀ - LUNGA DURATA / HIGH QUALITY - LONG LIFE / ALTA CALIDAD - LARGA DURACION

I filetti perforatori "ROYAL PERF" vengono utilizzati in qualsiasi macchina da stampa offset o web offset di piccolo formato ogni qualvolta si desidera perforare, cordonare e tagliare simultaneamente al procedimento di stampa. I filetti "ROYAL PERF" garantiscono un'alta qualità di perforazione, taglio e cordonatura anche su lunghe tirature. I filetti "ROYAL PERF" vengono proposti nella versione "centrale" e "laterale" in tutti i tipi di perforazione taglio o cordonatura per carta e per cartone.

"ROYAL PERF" perforating rules are used in all small format offset and web presses whenever you need to perforate, crease and cut simultaneously to printing. "ROYAL PERF" rules guarantee high quality perforating, cutting and creasing also on long runs.

"ROYAL PERF" rules are offered in the "central" and "side" version for all types of perforating, cutting and creasing for paper and card.

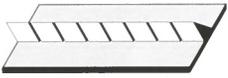

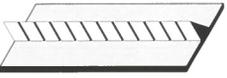

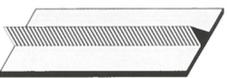

Los perfiles perforadores "ROYAL PERF" se pueden usar en cualquier maquina de imprimir de offset de pliegos o rotativas de offset en formato pequeño, en cualquier ocasión en la que se desee perforar, hender o cortar. Simultaneamente con la impresión, los perfiles "ROYAL PERF" garantizan una "alta calidad" de perforacion, corte y hendido incluso en una tirada larga.

Los perfiles "ROYAL PERF" se presentan en la version "central" y "lateral", en todos los tipos de perforacion, corte o hendido para papel y carton.
